

BALCONI TELECOMMUNICATIONS SOLUTIONS

BALCONI IP SATELLITE NEWS GATHERING

BALCONI SCOOPS FOR SEVEN

The Seven Network in Perth continues to scoop rival networks with exclusive pictures of stories breaking in remote areas, thanks to the BALCONI IPSNG unit. The compact unit has recently been used to cover a plane crash in the Bungle Bungles in which three teenage girls were killed, the decision of a major court case in Northam, and the arrival of Cane Toads in WA which was sent out of Kununurra. The Seven Network is so excited about the unit's performance, another BALCONI IPSNG Solution has been flown to Queensland for trials which start next month.

BALCONI TRACKER

GOVERNMENT TRACKER CONTRACT

The Health Department has issued a procurement request for the purchase of 25 BALCONI TRACKERS to help tackle the remote health crisis. The TRACKERS extend the range of the mobile phone networks by up to 200 kilometers, allowing remote health workers to have instant data and voice connectivity. This will reduce the lengthy delays faced by patients for diagnosis and helps to ensure the safety of health workers. The State Government is planning to buy another 25.

NEW PRODUCT—VIDEOCONFERENCING

BALCONI TELECOMMUNICATIONS SOLUTIONS is set to revolutionize the world of Video Conferencing. In another world-first, BALCONI has developed a high-quality and extremely economical VC solution using Mobile Phone Networks. Initially designed for the Seven News Network to send LIVE pictures of breaking news stories, the ALLIBOX II provides an alternative to expensive satellite-based equipment whilst boasting a much higher picture quality than Webcam Video Conferencing
